

WORKSHEET OUTPOST | Grade 2 Math

Choose plus or minus from a story

OW-G2-034 | Five questions

Success criteria
I can choose addition or subtraction to solve a story problem.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. There are 35 red beads and 16 blue beads. How many are there altogether?

2. There are 44 red beads and 27 blue beads. How many are there altogether?

3. There are 53 red beads and 28 blue beads. How many are there altogether?

4. There are 65 red beads and 20 blue beads. How many are there altogether?

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.
