

WORKSHEET OUTPOST | Grade 1 Math

Find differences on a hundred chart

OW-G1-179 | Five questions

Success criteria

I can move back by tens and ones on a number chart to find a difference.

Name: _____ Date: _____

Read each problem or listen as someone reads it. Show your thinking with objects, pictures, words, or numbers.

1. 50 - 20 = ___. Move up one chart row for each ten subtracted.

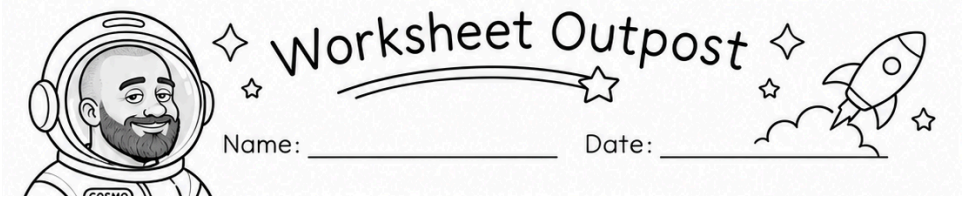

2. 60 - 30 = ___. Move up one chart row for each ten subtracted.

3. 70 - 10 = ___. Move up one chart row for each ten subtracted.

4. 90 - 40 = ___. Move up one chart row for each ten subtracted.

5. Write a problem like question 1 with new numbers or objects. Solve it and show your work.

You can point, speak, draw, or write. Adults can note any help they give.

Success criteria
I can find a number on the chart and use the rows and columns to count on or back.

C100 Number chart: 1 to 100

Count forward by ones. Move down one row to add 10; move up to subtract 10.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
